

YUBA CITY CHARTER SCHOOL

9-11-2020

Yuba City Charter School is working with the County Health Department for permission to allow our K-6th grade students to attend regular class on campus. Students would attend school from 8am-12:35 each day. We are seeking input from our attending families. Please email the school website or Facebook page with your opinion about your K-6 student returning to campus. Please read the re-opening plan on the website for the opening details PRIOR to responding.
