

A MESSAGE FROM MS. COLE TO ALL HIGH SCHOOL SOCIAL SCIENCE STUDENTS:

I hope you're all managing to keep somewhat of a schedule. I know this can be tough! As a reminder, all assignments given the week of March 16 are due April 30, this Thursday. Please continue to finish assignments and turn them into me via picture on text message or attached picture or pdf in email.

Please disregard GroupMe, by the way. Too many students have not downloaded the app or cannot download, therefore we must stick to email and phone, which works best for me anyway!

I will have new assignments ready for you on April 30. If you'd like to come to school to pick them up on Thursday April 30 or May 1, let me know. If you'd like for me to deliver materials on Friday, May 1, please send address and I'll happily drop them off! All May assignments will be due on May 28.

Also, you may do extra credit until the end of the year: a language app(keep me updated), IXL (second grade social science through eighth), or a jigsaw puzzle (300 pieces or more)

If I could encourage you to do anything right now, it's to do the right thing. When it comes to academics, it's so important that you recognize the value of educating yourself and continuing to learn and do your best, even when it's not been assigned to you. I want and hope for all of you to graduate and moved onto the next grade having EARNED high marks. Work hard always!

I'll look forward to seeing your messages in my inbox, as well as assignments ASAP. Thank you
